

SD&DS-MM-50
24 August 1972

UNITED STATES INTELLIGENCE BOARD
INTELLIGENCE INFORMATION HANDLING COMMITTEE
System Design and Development Subcommittee

MEMORANDUM FOR: SD&DS Members

SUBJECT : Standard For Armed Services Grade

1. Attached is a memorandum from the Chairman of the Standards Panel forwarding a standard for Armed Services Grade to the Subcommittee.

2. This standard has been thoroughly staffed throughout the community at the Panel level for over two years. As mentioned in the memorandum, ranks for some countries of lesser intelligence interest have been omitted in the interest of earlier use of the standard for more important countries. The missing countries will be added in the course of standard maintenance by the Assigned Responsible Agency; it is expected that DIA, having developed the standard, will accept that responsibility.

3. Please notify the IHC Support Staff of your approval or disapproval of this standard by close of business, 8 September 1972. If the Support Staff does not hear from you by this date, your silence will be considered approval.
